# Our School

## Floreat Ailesburia

Founded by Sir Henry Lee in 1598, Champion of Queen Elizabeth I, Aylesbury Grammar School was a 'free School for Aylesbury' with the vision to promote the local area to flourish through educating its young people.

In 1907 the School moved to its present site and became co-educational. In 1959 the creation of Aylesbury High School meant the girls moved next door and Aylesbury Grammar School returned to being a boys' School.

Despite the separate site, our strong links with our sister School remain and provide a unique opportunity for our boys to grow up in their formative years in the company of their female counterparts, whilst also benefiting from the advantages of focused learning amongst their peer group.

This unique collaboration provides a sensitive, mature and well-rounded interaction for our students to develop a true sense of character and to flourish in today's world.

## Pioneering Expertise

Employing exceptional staff is the backbone to inspiring our young people to explore for themselves who they want to be and to find their place in the world.

We aim to recruit members of staff who are leading practitioners in their fields or who show outstanding potential. As well as appointing experienced staff, we also train those new to the profession recruited directly from university or those who have been successful in another career and seek a new challenge.

Professional development is at the heart of our approach. Time and resources are available to our staff whatever the stage of their career.

We use professional research and pioneering expertise both in and outside the School. We collaborate with international partners and always look to improve the School, ensuring it is uniquely placed to prepare the next generation of students and staff.

## Belonging and Camaraderie

Our well-established House System provides a sense of ownership, belonging and a healthy level of competition and camaraderie.

It has a hugely positive impact on our community and for our students in their academic work, extra-curricular contribution and development into authentic, empathetic and resilient young adults.

For our staff, who are assigned to a House, it provides a shared sense of belonging, loyalty and camaraderie.

## Life Enriching Opportunities

We actively promote self-discovery through participation, as well as encouraging the students to attempt new and unfamiliar activities to broaden their horizons.

These life-enriching opportunities are extensive with clubs and activities taking place enhancing classroom learning and enjoyment.

Our colourful range of music, drama, performing arts and clubs/societies provides all students with the opportunity to participate, to collaborate and be part of School life.

# Our School

## Self-Discovery through Participation

Physical activity is key to maintaining a healthy, active, balanced lifestyle, supporting physical and mental well-being. Our sports clubs and practices are open to all students, irrespective of ability and passion promoting a selfless commitment to their chosen sport.

Whether an elite, representative, House or recreational sportsman, the School encourages and provides opportunities for everyone to participate. School teams and matches involve a large number of students and nearly all students participate in the vast programme of House sports competitions.

Our offering is extensive ranging from cricket, handball, badminton, athletics, rugby, football, swimming, squash, tennis, basketball, and cross country.

## Achievements

We are proud and remain humble that our School is consistently celebrated as one of the top state schools in the country – recently the top performing grammar school in Buckinghamshire for Value Added at A Level.

In Key Stage 3, GCSE and A Level, our students make outstanding progress and are prepared for the next stage of their education or chosen career with confidence.

The uncompromised breadth of the curriculum available enables all students to pursue the widest range of careers and studies at university or in the workplace. Through exceptional advice and guidance our students leave the School with aspirations to the most highly ranked courses and careers, at organisations and universities across the country where they will feel fulfilled and happy.

The Role Profile and Person Specification for this role are essential to the selection and recruitment process. They form the starting point for consideration of a candidate's eligibility for interview and guide the selection panel. It is important that you use both documents to prepare your application form. Application forms are to be found on the School website under Vacancies.

The Role Profile sets out the role, tasks and responsibilities to be undertaken by the successful candidate. It is a written statement of what is expected by the post holder. It provides basic guidance on day-to-day tasks and responsibilities. It includes information about the way in which the role should be approached and what the role needs to be successful.

The Person Specification sets out the criteria used to identify the most suitable candidate for the role. It specifies the particular experience, skills, knowledge and personal qualities required. The selection panel will use information from the application form to assess whether a candidate has met the criteria.

We are committed to treating all our applicants fairly and with respect, irrespective of their actual or assumed background, disability or any other protected characteristic.

## Shortlisting

The procedure used to arrive at a short list will allow sufficient time for a thorough and rigorous analysis of all applications. A selection panel, the members of which will also make up the formal interview panel, will carry out shortlisting.

Decisions about who is invited for interview will be based on how well applicants meet the role profile and the person specification criteria.
